

"Oh the Places You'll Go."

3 Things I've Learned

- 1) Connections can be made despite a language barrier
- 2) As you progress through college, you have an increasing responsibility to give back to the community that has given to you
- 3) Persistence helps achieve goals thought unattainable

3 Positive Things From Sophomore Year

- 1) Mentoring 2 freshman students in my scholarship program
- 2) Dream of going to South Korea and Improving my Korean Language Skills was achieved
- 3) Creating a community that spans a globe

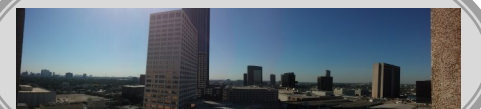

Major Events

- (JUNE) Boren Scholarship Pre-Program Conference
- (JULY) Accepted into International Co-op Program
- (AUG) Accepted into the ACCEND program (Master's + Bachelors Program)
- (OCT) Grace Hopper Conference (National Women in Computing Conference)
- (DEC) Khron's Observatory Winter Show
- (JAN) Became a dual Major in Communications and Electrical Engineering
- (FEB) Left for 6 month Study Abroad in South Korea
- (JUNE) Sogang Korean Immersion Program

Places I've Traveled:

Washington D.C

Houston, Texas

Seoul, South Korea

Jeju-do

Jeonju, South Korea

가파도 (Kapado)

By the Numbers

# of Pictures Taken: 1,162		1 Language Learned
# of Volunteer Hours Completed: 40		
# of Roundtrip Tickets Bought: 5		Universities Attended: 3
		Months in South Korea: 6
# of Credits Taken: 38		
Countless:		
- Friendships and Memories Made		
- Support given by Family, Friends, and Mentors		

And the Thing's You'll See
